Length:	6.96 Metres
Gross Weight:	3500 kgs

'19 Plate 2019 Transit based

Low profile coachbuilt

Automatic

Rear bathroom / garage

5,000 miles

This versatile low profile layout, based on the popular Ford Transit comprises large front lounge with 'L'-shaped seating, side-facing settee & large adjustable-height fold-over table. The 'L'-shaped seating group converts to two forward-facing, belted, travelling seats. The lounge area further transforms into a double berth for sleeping. Above the lounge is an electrically operated drop-down bed which can be used at 4-berth height with ladder access or 2 berth height which sets the bed just above the seating height. The mid-mounted kitchen is well appointed and includes a dual fuel hob, oven/grill, large fridge/freezer and kitchen sink. In the same area is a TV storage area complete with bracket. To the rear is a transverse bathroom with separate toilet and shower and a large wardrobe storage area. There is also a sliding access door to the garage. The layout is completed by a full transverse garage with access from both side of the motorhome.
